Dear David and Graham,

I hope I shall be forgiven for sending this
on the internet! Absolutely fantastic news — I had
really had faith but the unequivocal decision is
arguably. I hear news of a potential challenge ^{in the Press} to us
shall wait and see for 6 weeks, but even if
challenged, we are at least ahead at the moment.
Thank you for your respective faces. Please give my
best wishes to all. Do not hesitate to call me
for any off the cuff advice as and when
required. I am away in Middlesbrough ^{from Tuesday} until
Thursday, but back on Monday this next week.
Yours ever,
John.

Dear John,

Congratulations on the Eruv decision!

I have just returned to my home in Jerusalem from S'dom on the shore of the Dead Sea (no longer a wicked city and 100° in the shade). My son Benji woke me last night with the news and I'm sure that you can imagine my delight and relief. The community in London is thrilled.

I think that the way the Inspector's report was worded is, in itself, a tribute to your performance.

We'll be in touch when we're back but I just wanted to let you know immediately how thrilled I am and how much I, the committee and the community we represent, appreciate your special efforts - now crowned with success.

Warm Regards from Ruth
