"ERUU"

21 Oct 93

Dear Sir,

I hereby state that an "ERUU" is not needed anywhere in Great Britain, this is because it is surrounded by water and is in fact an Island.

By old bible standards and from the Kabbala ENGLAND is in fact the old ISREAL - which means that one does not need an ERUU in ENGLAND as ISREAL does not need one.

The Earth is surrounded by an ozone layer, this is in fact a natural "ERUU" and one is not needed anywhere in the world!

Every one is Jewish, but some not religious. There is only one God and that is the same for everyone, the religious sect do not have to impose restrictions or take control of specific areas on their Saturday by having a wire around a certain area - personally they are nuts. Do you refuse to carry things on a Saturday because there is no wire around your Area.

God help the nutcases who want an "ERUU" when they don't need one. What a nutty appeal!

Rabbi Daniel Cohen.
