VERY URGENT

Dear Mr Barker

Re: Siting of posts and poles on pavements

Can you please confirm that if a lamp post, sign post or other post or pole is to be sited on a pavement, it is RNIB's policy that if it is not practical to mount such posts or poles on existing walls or buildings, they should be located as close to the building line as possible i.e. at the back of the pavement?

Yours sincerely

David Schreiber
