From: Mr Peter Barker
9 December 1993

Eruv Appeal of the United Synagogue

I am just writing to confirm that RNIB takes the view that all non essential items should be avoided on the footway.

My letter to Mr Schreiber which I wrote on 3 December was on the understanding that the poles in question were those supporting lamps and road signs.

Other posts which are not serving such a function, should be positioned off the footway on private property.

Peter Barker

Manager, Mobility Unit
