Dear Michael,

I had a telephone conversation with Max Caller this morning - the proverbial good news and bad news.

Good News!

Caller is perfectly content with our proposal to deal with the requirement of *s'chirut* by way of a 'religious ceremony' with Dayan Erhentreu at which he will grant us the necessary rights on behalf of the Council and will accept a token payment.

Bad News!

He confirmed that we **must** put in a planning application for the Eruv. He is worried about criticism if we bypass planning. He confirms that we do only require one application and could not comment on whether or not it could be dealt with under delegated powers. He recommends that we prepare an application and discuss it with Geoff Brown (with whom Alan Perrin has made contact) and follow the route that it is permitted development. He also reminded me that we do need to deal directly with the City of London Corporation regarding the Golders Hill Park fencing and Heath extension Wildwood Rd section.

In the circumstances I think we have no option but to accept the situation and request/instruct Danny Rosenfelder and Alan Perrin to prepare a planning application and put it forward as quickly as possible.

Best Wishes,

David Schreiber
