**NOTE OF A TELEPHONE CONVERSATION WITH JOHN PENHEY OF LONDON
BOROUGH OF BARNET LEGAL DEPARTMENT ON FRIDAY 9TH OCTOBER 1998**

Mr. Penhey, who is in the Legal Department at the Town Hall in The Burrows, concerning what I understand to be a technical legal point, in respect of the Highways Licence application. His basic question was to whom should the London Borough of Barnet grant Licences. I explained that the applicants in the case of the planning application had been the United Synagogue Eruv Committee and that that had always been the format of my clients. He needed to be satisfied how this body is constituted to be able to ascertain that it is a legal entity who can therefore enter into a Licence. I undertook to contact my clients to discuss this matter with them and to let Mr. Penhey have a response.
