Dear Mr Murdoch

**TOWN AND COUNTRY PLANNING ACT1990
PROPOSED ERUV**

Further to your letters dated 28th and 30th April 1999 I can advise that the amendment to the approved development ref.ERUV4 (i.e. increase in height of the poles at location 27 from 5.5m to 6.5m) is considered a minor alteration that would not materially affect the surroundings and no further planning permission need be sought in this instance.

Yours sincerely

Stewart Murray
Chief Planner Development Control
for Head of Development and Regeneration
