Dear Madam,

Town & Country Planning Act 1990 - Proposed Eruv

I am most concerned at the above proposal and feel strongly that it should be opposed.

We live in a mixed society, socially, racially and religiously and it would be inequitable to give special dispensation to one minority religious group. I find it rather strange that Orthodox Jews have managed to worship up to now without difficulty, but suddenly feel the need for special treatment. If this group cannot comply with their own religious laws, it is a matter for them, and their Rabbis should make an effort to accommodate them.

I see no reason why the majority of the community should have to suffer the aesthetic eyesore and accompanying hazards of such a proposal. Further, we should not encourage the erection of what can only be described as a ghetto.

Pls let me know date when app. will be heard.
I strongly urge you to deny this application.

Yours faithfully,

Elizabeth R. Lawrence
