Dear Ms McGurrian.

Proposed Eruv

In your letter of 16.12.92 you refer to the availability of plans in various libraries. Whilst this is helpful, a revised map showing all the locations of the proposed poles/posts and wires is not included (at least in our local library). This is essential to allow comparison with the original Application. I would be grateful if you could kindly provide me with a copy of the revised map, and request that copies be added to the plans in all the libraries.

Also absent from the amended plans are the Applicant's name, address etc. and I believe that this information should also be easily available to Barnet's public.

Yours sincerely,

Elizabeth Segall
