Dear Ms McGurrian.

Proposed Eruv

Thank you for your letter of 12th February and for enclosing the map.

1. The map is dated October 1991 and does not correctly indicate the boundary of the main Eruv Application of July 1992 (such as the pole and wire structures along Wildwood Road), or of subsequent amendments. Kindly therefore arrange for accurate maps to be made available.

2. With reference to the February amended plans for constructions 5B, 32 and 35 referred to in par. 4 of your letter:

a) once again, although you state that the plans are in Childs Hill Library, this is not so:

b) please let me know if the amendments were advertised to the public, giving the required 21 days notice before the 24th February meeting.

3. Please let me know why the Applicant's name is not included in the plans which have now been placed in the various libraries. Members of the general public inspecting the plans, which appear to be complete, will be unaware that this important piece of information has been omitted.

An immediate reply, particularly to item 2b, is requested.

Yours sincerely,

Elizabeth Segall
