Attention: Ms D McGurrian

Dear Sirs

In view of recent press coverage of the proposed Eruv, I should like to make the position clear on behalf of the Trust Council, who discussed the matter at their meeting on Wednesday 24 October.

1. We do not oppose the plans.
2. We recognise a potential divisiveness which has already begun to surround the proposal to place an Eruv boundary on the south side of Wildwood Road.
3. The proposed poles between Wildwood Rise and Wylde Close might be unsightly and may not be in keeping in an Outstanding Conservation Area. Moreover, there may be practical problems over the maintenance of these poles and their connecting wires."

Yours faithfully

Christopher Kellerman
Trust Manager

cc Councillors Davis, Shutz, Soskin, Tiplady
