

THE UNITED SYNAGOGUE ERUV COMMITTEE

ERUV UPDATE - NOVEMBER 13TH, 1996

First the good news. Hundreds of members of the Community have written letters to councillors urging them to support the Eruv application. The Eruv Committee is forwarding all these letters to councillors.

We have just been informed by the Barnet Council Chief Executive that the council officers were not able to prepare their report to the Public Works Committee in time for the application to be heard at its 19th November meeting as planned. This type of delay, while irritating, is not unusual. It does not in any way point to a negative outcome. It simply indicates the care with which the council officers are processing the application.

The eruv application will now go to the next Public Works Committee meeting on 14th January. The application will be still heard by the Planning Committee on 4th December as scheduled.

This means that there is now a little more time to write letters. If you have not already done so, please write a short letter addressed "Dear Councillor" saying briefly why you want and support the eruv and send your letter to The Eruv Committee, 9 West Heath Rd, London NW3 7UX.
