Dear Committee members

At a meeting of Golders Green Liberal Democrats on Monday 1st June a motion was discussed concerning the proposed establishment of an Eruv in the Golders Green area.

It was felt strongly that society derives great benefit from the diversity that different communities and cultures contribute to it. We recognise the importance of an Eruv to the local Jewish community and our belief in cultural diversity within communities leads us to support your proposals. Moreover Golders Green would after all gain considerable prestige by being the first locality in the United Kingdom to establish an Eruv of this size and nature.

Following the decision to support these proposals, I am now writing to you to offer any assistance in your campaign that you feel we may be able to provide. I can already confirm that the Liberal Democrat group on Barnet Council will be supporting the proposal.

Please do not hesitate to contact me if you feel we can be of any assistance.

Yours sincerely

Michael Green
